PREMIER HIGH SECURITY

TDR - TORCH AND DRILL RESISTING SAFES

ALL CMI SAFES COME WITH A FIVE YEAR WARRANTY, EXCLUDING FREIGHT AND TRAVELLING, WITH A 24 MONTH WARRANTY ON LOCKS.

CMI Premier High Security Safe suggested insurable cash rating in an unsupported (no alarms) situation is \$100,000.

BODY: The body gives a minimum thickness of 80mm of high density refractory materials at all points. These materials are bonded between inner and outer walls of specially reinforced steel, becoming a complete monolith after pouring. The engagement of the door and body effectively result in a continuous cube of exceptional strength and security.

DOOR: The door of the Premier safe has an overall thickness of 135mm, and the 55mm thick defensive slab section contains metals highly resistant to drills and abrasive grinders in addition to the high-strength poured barrier materials and other defences. The lockcase forms an integral part of the entire door structure, giving additional strength.

BOLTWORK: Heavy 32mm bolts provide 4 way locking into reinforced sections of the 2 sides, top and bottom of the safe body.

MOUNTING: 2 x 20mm recessed bolt holes in base of safe.

HINGING: Fully adjustable anti-jacking hinges, available in standard right hand or optional left hand hinging.

SHELVING: All models come standard with 2 x adjustable shelves.

RE-LOCKER: Glass operated re-locker.

LOCKING:

Available in

- Digital
- Key
- Dial combination
